MRS. STORY IN RACE FOR A SECOND TERM

Starvation Would Follow Cessation Candidacy for Head of D. A. R. Indorsed by Some Who Formerly Opposed Her.

Formal announcement of the candidacy of Mrs. William Comming Story of New York for a second term as president general of the Daughters of made with the emphatic indorsement ociated Press correspondent sought of some of those leaders who opposed

The election is to be held in April at the annual congress of the Daughters, far as possible in the service which and those supporting Mrs. Story point outsiders were trying to render to the out that it is customary to give the president general a re-election, known as the "complimentary term." The only opposing candidate is Mrs. George Guernsey, state regent of Kansas, who is being run as a Scott candidate.

The announcement of Mrs. Story's candidacy is signed by District D. A. R. leaders, and is as follows: "We have the honor to announce and to indorse the candidacy of Mrs. Williem Cumming Story for her second

term to the office of president general of the D. A. R., commending the effiof the D. A. R., commending the effi-cient and splendid administration in this her first term in the office, as is evidenced in the progress of the work, unprecedented reduction of the debt on Memorial Continental Hall and the present sound financial condition of the society."

State Leaders Who Favor Her.

Among the vice presidents general and state regents who ran for office on the "Scott ticket," the anti-Story ticket two years ago, who have issued a cir-cular of indorsement of Mrs. Story are Mrs. Rhett Goode, Alabama; Mrs. Ben F. Gray, jr., Missouri; Mrs. Joseph V. Allen, Alabama; Mrs. William W. Wal-lace, Louisiana; Mrs. Joseph S. Ransdell, Mrs. Edwin H. Van Ostrand. Wis-consin; Mrs. John F. knew the city well before the war, looks—apart from the German uniforms in the street—much as in normal times. Striking, however, is the number of beggars, mainly old women and very young children, and the swarm of venders, chiefly of post cards. At night there is the same ceaseless promenading through the main streets that has always formed such a characteristic picturesque part of life in the Belgian capital, but at 11 o'clock most of the street lights are extinguished and the bars and cafes are sclosed.

Evidences of Strict Rule.

This early closing and the fact that only beer and light wines are permitted to be sold are the chief outward evidences of the strict German rule of the conquered city. These conditions, however, are more apparent than real. The German soldiers are good patrons of the shops, paying for their purchases in cash, but the buying power of the people is steadily—and rapidly—growing less. Industry, except in some of the coal and iron mines along the Meuse between Liege and Huys, is prostrate. The better class people remaining are living on their incomes or

ming.

Mrs. Story was indorsed by the New York state conference in November. The entire list of officers of the state, including Mrs. William S. Augsbury, pledged their earnest support. Government Machinery Speeded Up.

The rapidity with which government the face of urgent need can no better be displayed than in the case of Mrs. Sarah A. Phillips of Detroit, Mich. Mrs. Phillips for some time has had a claim for her deceased husband's pension pending. Action in the regular course came slowly, until she became seriously ill and was reported to be dying. Representative Frank E. Doremus of Detroit heard of the case, went to Commissioner Saltzgaber, explained the situation, with the result that the pension was immediately allowed, and the woman will receive \$100 in back pension money and \$12 a month until she dies.

Jacob Minkoff Released.

Jacob Minkoff was released from custody today on giving \$5,000 bail. Minkoff was held by the coroner's jury last week as responsible for the death of Richard Major, which occurred last Friday. Minkoff was driving a wagon February 4, which ran over Major, near the Treasury building. Attorney, Tep-per & Gusack represented the accused.

Sales of dark loose-leaf tobacco at Lynchburg, Va., last week aggregated \$97,400 pounds, being 200,000 pounds heavier than the previous week and making the sales for the season aggregate \$,275,800 pounds.

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headacher returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-kamnia Tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, loe worth, 25c worth or more. Ask for A-ka Tablets.
